

Living as a Soul
as we prepare for the
'Coming One'

Words for these times from Spiritual Elders:

"One of the most prominent characteristics of these 'end-times' is the dissolving of barriers that have served to mask Truth, including the true Self of the human being.

These barriers are falling away more rapidly now and creating greater transparency in every sphere of life. This is the time to expose the Source of higher truth and light.

It is Our mandate to penetrate the veil from Our side, to make it known to humanity that a Spiritual Realm does exist, and that a divine plan of evolution is unfolding as it must—in and through these dire world conditions. "
