## 10 ESSENTIAL TRUTHS

1. There is a soul. It is the higher self of the human being – the true Self. It is consciousness itself.
2. The soul never dies. It evolves through lifetimes of experience.
3. When the human being awakens to the soul, the spiritual path begins.
4. The path of transformation brings the personality into alignment with the soul, and the soul into contact with the Realm of Souls.
5. The Realm of Souls is the 5th kingdom of Earth's life, beyond the human, animal, plant and mineral kingdoms.
6. Enlightened Beings in the higher realm are making contact with human beings at this momentous turning-point in Earth's evolution.
7. These Beings are working out a Divine Plan for the evolution of life in a higher dimension of Earth.
8. They are seeking to guide humanity through the current planetary transition into an era imbued with light, love and spiritual purpose.
9. The Divine Plan for the coming era hinges on the transformation of human beings into spiritual beings willing to serve divine purpose.
10. The new era will be 'the Age of the Soul.' Awakened souls will co-create the new civilization in cooperation with Enlightened Teachers.

*These 10 truths express the clarion call of the hour: to acknowledge the temporal nature of reality on the physical plane of Earth and to nurture the vision of the emerging new world. The call is to awaken to the reality of Spirit and shift identification from the physical self to the divine Self, the Soul. To embrace the new era is to recognize the interconnectedness of all life and to cultivate the soul's love, wisdom, and willing cooperation with the divine plan of evolution. By this means, and with guidance from Illumined Beings, a new world will come into manifestation based on spiritual values and principles.*
